

European Astronomical Society

Astronomy in Denmark

Birgitta Nordström,
Niels Bohr Institute, Copenhagen, Denmark

Institutes with Astronomical Research

- Niels Bohr Institute, Copenhagen University
- Institute for Physics and Astronomy, Århus Univ.
- Inst. Space Research and Technology, DTU

Scientific staff:

20-25 tenured staff

20 postdocs

20 PhD students

National activities

- Astrophysics section of Danish Physical Soc. –
 - Yearly meeting in June
- Danish Astronomy Committee (Astronomisk Udvalg)
 - Roadmap 2007
- ESO, ESA, NOT (Nordic Optical Telescope) membership
- Denmark is a partner (contractor) in OPTICON and ASTRONET
 - Semi professional quarterly journal, KVANT (physics, astrophysics)
 - Many amateur clubs
 - Tycho Brahe Planetarium – very active in public outreach, excellent contacts with astrophysics researchers at Niels Bohr Institute

Funding

- Danish Research Council
- Danish Foundation for Basic Research
- Various other sources (Carlsberg Foundation,....)
