

EAS2021 Social Evening Program in GATHER.TOWN!

The EAS2021 conference will take place from 28 June to 2 July 2021 and is the largest conference for European astronomy in an award winning virtual format. The conference hosts plenary sessions, awarding ceremonies of prestigious prizes, 15 science symposia held in parallel, as well as daily 13 parallel special sessions.

After the fully packed science program we will also offer a place to unwind and mingle, to present you a virtual conference that really resembles a physical conference.

The Social Evening Program will be held in **Gather.town**. For those unfamiliar with this platform we will offer easy access and in-platform hosts. Below you will find a brief description, **STAY TUNED** for our conference messages via email, Facebook and Twitter to learn more. Also don't miss out on the opportunity to contribute to the social program, watch for our announcements on the EAS2021 Slack Channel.

The GATHER.TOWN Social Program

Monday 28 June 6 30 – 8 30 PM

Early Career Evening

- We have invited a panel with diverse and interesting career paths, who all started with an astro-PhD
- You will have the opportunity to ask all the questions you didn't know you had, about your future career

Tuesday 29 June 6 30 – 8 30 PM

Student Borrel

- A "Borrel" is Dutch for social hour and drinks, so this will be the place to mingle and unwind.
- Did you ever make a virtual cocktail? The Party Master will show you a great time

Wednesday 30 June 6 30 – 8 30 PM

Pub Quiz and Games Night

- Pit your wits and prove your mettle in our fast-paced virtual Pub Quiz
- After the Pub Quiz visit multiple playrooms with new and old friends, enjoying numerous fun games

Thursday 1 July 6 30 – 8 30 PM

Music evening

- Join us and show us your skills in music! A central stage will offer a diverse setlist of multiple talented astronomers. Open mic! Send in your request to perform!
- Separate rooms will offer you like-minded musicians to connect to and share your stories
- Not musically inclined? Then just listen to your colleagues performing!
